IBT Online customer name and address: Sample Proposal, _____

INTERNATIONAL BUSINESS DEVELOPMENT BENEFITS

One WooCommerce ecommerce best-practice, optimally localized business development website, with a scope driven by your needs and objectives, designed with an international focus, so your company will be found, be understood, be easy to do business with and sell online in your target market: _____

Your customer-centric website, and future extensions, which you will own, will be built and managed for you, as per the Statement of Work (SOW) below, by IBT Online's team of international digital natives.

Your corporate website of reference: _____

13-POINT STATEMENT OF WORK

1. Your IBT Online Online Global Program, dated and signed.
2. Teamwork Project Management (TPM): set-up your TPM program and technical team, ensure organized, transparent and effective collaboration, the program management, changes and extensions, meet deadlines and achieve results.
3. Program kick-off MS Teams (with dial-in) video conference call (recorded): date ___/___/___ (mm/dd/yyyy), agenda, introductions, objectives, team, TPM introduction and presentation of the 4-month build program project roadmap to website go-live, access, and next steps.
4. Ecommerce Platform: WooCommerce (open-source) deployment, custom theme implementation/configuration, payment gateway set up, shipping, order processing, encrypted and secure, with customer editing access.
5. Best-practice, optimal localization for the website:
 - 5.1. Customer deliverables: site map, content, keywords, brand guidelines, graphics/imagery, ecommerce requirements and integration requisites (to be determined during ecommerce specification).
 - 5.2. Domain names: guidance on selecting Country-Code Domain Names (ccTLDs), sub-domains and sub-folders.

- 5.3.** Search Engine Optimization (SEO) for top-level pages: keyword research and implementation of keywords in H1, URLs, titles and descriptions.
- 5.4.** Content: optimized, localized content in the initial build: up to _____ pages (Home, Services, Others), _____ product pages, and _____ variations (SKUs).
- 5.5.** LUX: using your website of reference (no website re-design) for Local User eXperience (LUX), with international focus, site map, architecture, branding, and responsive.
- 5.6.** Build: front-end, back-end, metadata, tags, videos, downloads, Calls-To-Action, landing pages, embed tracking codes.
- 5.7.** Integrations: The following features and integrations are included
 - 5.7.1.** 1 Payment System Integration (e.g. WooPayments, Stripe, PayPal, Intuit)*
 - 5.7.2.** 1 Shipping System Integration (e.g. WooCommerce Shipping, Fedex, DHL, UPS, Ship-it)*
 - 5.7.3.** WooCommerce Stock Management
 - 5.7.4.** WooCommerce Tax
 - 5.7.5.** WooCommerce Reports
 - 5.7.6.** WooCommerce Coupons
 - 5.7.7.** WooCommerce Product Reviews
 - 5.7.8.** Marketing form embedding (e.g. Hubspot, Marketo)
 - 5.7.9.** Blog platform, incl. 5 posts
 - 5.7.10.** Dynamic product filters

** Additional annual license fees might apply, directly payable by the client.*

- 6.** SOW extensions: Additional features and integrations can be offered based on client requirements at an additional fee, subject to a TPM ticket submission, approval, and payment.
- 7.** Links: corporate website homepage, backlinks, technical pages, other ecommerce platform(s), country flags.
- 8.** Testing: internal testing and quality assurance, client testing prior to the go-live.
- 9.** Reporting and analytics: customer dashboard set-up and access, own or separate analytics and search console accounts.
- 10.** Program completion: go-live email, follow-up and review meeting.
- 11.** Online Global satisfaction survey: feedback to serve you better.
- 12.** Climate: IBT Online is committed to sustainable and climate-positive international business. Your Online Global best-practice, optimally localized business development website(s) are delivered with prepaid carbon offsets and renewable energy credits, so are sustainable and climate positive.
- 13.** As our Client Success Technical Teams complete your website(s) programs, they will be well-placed to advise and propose Online Global:
 - 13.1.** Website Management Programs (Support Desk, CMS maintenance, Hosting, Security,

Geolocation, Cloud Back-up and Account Management) to ensure your website's optimized localized support, and performance.

13.2. International Online Marketing (Search Engine Marketing, Social Media Marketing, and Reporting and Analytics) to launch and market your websites, increasing your traffic, engagement, conversions, and return on investment.
